YOU WILL WANT TO VOTE FOR PROPOSITIONS 1 and 2 NEXT TUESDAY, OCTOBER 19

Here is your opportunity to make Torrance a Better Place in which to Live,
Work and Play.

Vote FOR the new Civic Center Vote FOR the new Swimming Pool

Torrance today is a city of more than 52,000 and is being served by a city hall and police station never expected to provide facilities for more than 25,000. The city's important business is being restricted to a point of inefficiency and a police department is working under conditions that are intolerable.

Torrance is no longer a small town and must move fast to keep pace with its own growth and the growth of other cities in the Los Angeles area.

A favorable vote on both propositions at the special election next Tuesday has been urged by civic leaders and prominent organizations representing every phase of community life in this fast-growing city. They believe these bond issues to be sound and know the city can afford it. It will cost the average homeowner only \$1.75 the first year and a lesser amount each year thereafter until paid. It is an easy time payment plan designed to give this city a Civic Center that will take care of the growth for many years to come and give the youth of the community a swimming facility that the community can well afford.

Those who endorse these propositions believe it is your opportunity to: improve civic efficiency, beautify Torrance, save money in the future, relieve present city hall congestion, provide adequate police protection and provide one answer in the potential problem of juvenile delinquency.

PROPOSITIONS 1 AND 2 HAVE BEEN ENDORSED BY:
